Drain Unblocker

GEL WITH BLEACH

TURBO

- It works without turning off the water.
- It does not damage pipes.
- Safe for garbage disposals, septic systems and all kinds of pipes, including PVC, or plastic and copper.
- Super powerful product that acts in 5 minutes.

How to use

Always wear gloves. Open the bottle following the instructions on the cap.

For slow drains: use between 1/4 and 1/2 of the package. Let stand for 30 minutes and rinse with hot water.

Complete stoppage: Open the package and leave it overnight. Finally rinse with hot water.

Preventive maintenance: use once every two weeks by adding a small amount of product (about 100 ml.) and leave for 30 minutes. Rinse with hot water.

Drain Deodorizing & Cleaner TURBO

- Avoids stoppages, prevents and eliminates bad odours in pipes and drains.
- It does not damage pipes.
- Super powerful product that acts in 5 minutes.

How to use

For slow drains or bad odours: pour two caps (60 ml) directly into each drain. The bad odour usually goes away within five minutes (more or less) of product application. For slow drains add a cap to the drain for 3 consecutive days and continue with the regular preventive maintenance.

Regular preventive maintenance: Pour one cap (30ml) in each drain once every three weeks.

Washing machines: pour a cap (30 ml) into the detergent tray and wash empty on a program without prewash.

Ceramic Hob

CONCENTRATED FORMULA

- Deep cleans ceramic hob and induction cooktops.
- Easily remove grease and dirt, leaving a glossy finish.
- Protect the plate and prevent the adhesion of stains.
- Can also be used for stainless steel surfaces.

How to use

Shake the bottle well before use. Remove stubborn scale with a scraper. Apply a small amount of product on the cold plate. Rub with a paper towel or soft cloth. Rinse with a damp cloth and dry the plate, making circular motions with a dry cloth to obtain the desired brightness.
